21 April 1969

**MEMORANDUM FOR:** Colonel L. K. White  
Executive Director-Comptroller

**SUBJECT :** Nomination for Management Advisory  
Group (MAG)

25X1 1. Per your 17 April memorandum, I should like to nominate  
25X1 [redacted] for consideration as a MAG member from the  
DCI's office. [redacted] is 44, a GS-14, and now serves as my deputy.

25X1 2. I believe [redacted] meets all of the selection criteria  
25X1 outlined in your memorandum. He has had a fine record as a field Case  
25X1 Officer [redacted] In Vietnam, he ran the  
Station's Field Operations Division with great success and was the  
innovative spark behind a number of major programs which he personally  
initiated or got off the ground -- including the cadre program. Back in  
Washington, he served as chief of the FE Division's [redacted] 25X1  
prior to becoming a member of this staff. The extent to which I was  
favorably impressed by his performance is indicated by the fact that I made  
him my deputy (with the Director's approval) after Mr. Allen's departure.  
25X1 [redacted] has been strongly recommended for promotion to GS-15 on  
three separate occasions: From Saigon by [redacted] from FE Division 25X1  
by Mr. Colby, and from here by me last year. Why Career Panel A has not  
yet acted favorably on these recommendations is a mystery to me. [redacted] 25X1  
25X1 [redacted] record is replete with "Strong" and "Outstanding" Fitness  
evaluations. I plan to put him in for promotion again this year and to labor  
as energetically as possible to push my recommendation.

25X1 3. [redacted] in short, is a fine officer with a first class  
professional background and every prospect for future advancement to  
positions of steadily increasing responsibility. I think he would make an  
excellent DCI Office representative and a strong, productive member of  
the MAG.
